

Intro

WELCOME TO THE ELECTRICITY CHOICES PROJECT

Help us design technology to fit your needs

RatingIntroduction

Electricity companies in the United States are considering giving consumers **in-home electricity displays**. An in-home display can provide information on various aspects of your electricity use, along with other information, such as temperature and date.

Below is an example of what an in-home display might look like:

One possible purpose of an in-home display is helping people to reduce their electricity consumption. In this survey, we would like you to tell us about the features that would make an in-home display most useful to reducing your electricity consumption.

Information Example

Here is an example of an in-home display showing the percent of electricity used in different ways, such as water heating.

In the example above, what percent of electricity use comes from lighting?

14 percent

15 percent

56 percent

Information Features Task

HERE is a list of information that might appear on an in-home display. Please rate each type of information in terms of how much you would like it to have it on a display.

	How much would you like this information on the display?					I don't know
	Not at all	Slightly	Moderately	Strongly	Extremely	
How many dollars you will spend each day, if you keep using electricity at the same rate.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How much electricity each of your appliances uses.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The daily price of electricity – if you are on a program where electricity prices differ each day.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
When you used the most electricity over the last month.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How "green" your electricity use is each month.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How much electricity you will use by the end of the month, based on how much you've used so far.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
	Not at all	Slightly	Moderately	Strongly	Extremely	I don't know
The time of day you use the most electricity.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How your monthly electricity use compares with that of a neighbor or a similar household.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How many Kilowatt hours of electricity you've used so far this month.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How well you're meeting a goal that you've set for how much electricity you will use.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How many dollars you've spent on electricity so far this month.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Are there any additional information features that you would like on an in-home display? Please describe below.

Create Your Own Display

Here are some kinds of information that can be on an in-home display. Drag and drop any items that you would like to have on a display. Once you have chosen them, move them around so that the most important ones are on the top.

How your monthly electricity use compares with that of a neighbor or a similar household.

The daily price of electricity – if you are on a program where electricity prices differ each day.

How many dollars you will spend each day, if you keep using electricity at the same rate.

How “green” your electricity use is each month.

How much electricity each of your appliances uses.

The time of day you use the most electricity.

How many Kilowatt hours of electricity you’ve used so far this month.

How many dollars you’ve spent on electricity so far this month.

How much electricity you will use by the end of the month, based on how much you’ve used so far.

When you used the most electricity over the last month.

How well you’re meeting a goal that you’ve set for how much electricity you will use.

How much would you like to have the in-home display you created on the previous page?

Not at all Slightly Moderately Strongly Extremely

How effective do you think that in-home display would help you to reduce your electricity use?

Very Ineffective Ineffective Somewhat Ineffective Neither Effective nor Ineffective Somewhat Effective Effective Very Effective

How often would you look at the in-home display you created?

Never Less than Once a Month Once a Month 2-3 Times a Month Once a Week 2-3 Times a Week Daily

How much do you think you would save, in dollars, on your monthly electricity bill if you had the display you created on the previous page?

Final IHD

The pictures below show three new ways that allow you to see how much electricity you are using and how much it is costing you.

Put "1" next to the display that you would most like, "2" next to the second best, and "3" next to the third. If you don't want a particular display, put "0" next to it.

Computer Application	In Home Display	Smart-Phone Application
<i>An application on my computer or laptop</i>	<i>A display designed for my home</i>	<i>An application on my Smart-Phone</i>
		

- Computer Application
 In-Home Display
 Smart-Phone Application

How would you prefer to receive information about your electricity consumption? Rank the methods of information below, with the most preferred having rank #1.

- Through email.
 Through a smart-phone application.
 Through an in-home display.
 On a website.
 Through the mail.

How much would you be willing to pay (in dollars) for an in-home device with all the features that you wanted? Assume that this is a one-time cost, with no additional monthly charges.

	Please enter an amount in dollars.
An in-home display.	\$ <input type="text"/>
A smart-phone application.	\$ <input type="text"/>
A website.	\$ <input type="text"/>
A smart-thermometer.	\$ <input type="text"/>

Do you have a smart-phone?

Yes

No

Would you like the option of pre-paying for your electricity? That is, you would pay for a certain amount of electricity, then be alerted when your money was running out and you had to add more.

Not at all

Slightly

Moderately

Strongly

Extremely

If you could be charged an amount on your bill each month for the in-home display with the features you want, what is the most you would be willing to pay as recurring monthly fee?

How much would you be willing to pay (in dollars), in total, for an in-home device that had the features you wanted?

If you live in the United States, in what state do you live?

If you had a display, how much money do you think that you would save on your electricity bill?

Put "0", if you don't think that you will save anything.

\$

How much is your monthly electricity bill, on average?

Avg bill per month	I don't know
\$ <input type="text"/>	<input type="radio"/>

How many kWhs do you use per month on average?

Avg use per month	I don't know
<input type="text"/> kWhs	<input checked="" type="radio"/>

Demographics

Lastly, some questions about you

What is your age?

Are you male or female?

Male

Female

What is your annual household income?

- 0 - 15k
- 16 - 30k
- 31 - 50k
- 51 - 75k
- 76 - 100k
- 101 - 125k
- 126 - 150k
- 151 - 175k
- 176k+

Would you describe yourself as:

- American Indian / Native American
- Black / African American
- Asian
- Hispanic / Latino
- White / Caucasian
- Mixed Race
- Other:

We really appreciate your input, and it will be very helpful with our research. Please copy and paste the following code into the MTurk Textbox to receive payment.
